— DEDICATION —

With all of our love and gratitude we dedicate this volume of our book to the following:

First, to the Feminine Aspect of Duality that exists in all of Creation. As She arises in fullness in each of us, She will heal our hearts and prepare our species to experience the Miracle of Fire and Water.

Second, to the Feminine Ray of Light that arose from the empty spaces in January 1999 to illuminate the healing where it already exists for our species and our long-suffering planet. We honor your loving contact and Transforming Light.

Finally, to our mothers, Rose and Millie, who gave us birth and unconditional love and who mirrored for each of us the highest aspect of the feminine. We also dedicate this book to our grandmothers and their mothers and their mothers all the way back to the mother of humanity, Lucy.

— ACKNOWLEDGEMENTS —

We wish to acknowledge all of those known and unknown to us who performed Something Like the Miracle of Fire and Water that has illuminated, validated, and fortified our particular journey.

In particular, we acknowledge the following people:

First, to Paul and Deb from PTS Graphics who combined their technical skills with the eye of the artist to photograph the crystals offered in this book and on our website at **www.twinmiracle.com**.

Second, to Martha and Steve who also combined technical skills and visionary artistry to design this book and our website.

Third, to Lynn McTaggart whose book, *The Field: The Quest for the Secret Force of the Universe*, is a gift to humanity of the understanding of the New Physics of Light. Your book, given to us by a client in late 2002, validated our experiences and gave us the scientific map to our metaphysical journey.

Fourth to Melody whose book, *Love Is In Earth*, enabled us to have confidence in our own “romancing of the stones.”

And finally, to those Twin Souls we know and those who still remain in the empty spaces. We honor and acknowledge the Work of the Composite Soul that is the Matrix of Consciousness that exists where the essence once presumed lost is found.

The Miracle of Fire and Water

Lucid dream Transmission of the Buddhist Prophecy

I stood in a clearing among a congregation of a thousand Spiritual Beings who had been gathered from all the known Universes. Somehow I knew that no Human could enter this sacred place. One among us had come to speak for Human kind. Before a massive tree a Buddha was teaching a lesson about love and sacrifice. All was hushed as each Being felt compassion for all those who suffered outside of the Perfect Light. When the lesson was concluded the Buddha performed a miracle in which he suspended fire and water in perfect balance. The fire did not boil away the water; the water did not quench the fire. The miracle was glorious. A Brilliant Light flowed from the intricately balanced dualities. I was filled with both awe and love for I knew this miracle could save all those who continued to suffer. Having been accomplished by a Divine Manifestation, the miracle would occur in the physical world at a time only the Buddha knew.
